

SIX INDIANA COLLEGES FORM A TENNIS LEAGUE

Notre Dame and Earlham Also
Will Be Invited to Join the
Association.

WHEATON WON FINALS

The remaining singles of the Indiana intercollegiate tennis tournament at Butler College were played off yesterday forenoon. After defeating Steele, the Indiana representative, Monday afternoon, Wheaton, of Butler, beat his other opponents and carried off the state championship in singles yesterday morning.

In the preliminary singles Wheaton defeated Good, of Purdue, in two sets by scores of 6 to 4 and 6 to 0. Whallon, of Hanover, defeated Crouch, of De Pauw, in two sets also, scores being 6 to 0 and 6 to 1. Then Wheaton and Whallon played off the finals, and the Butler man had to play only three out of the five sets, the final, defeating his strongest opponent 6 to 4, 6 to 2 and 6 to 0.

When the singles were played off the players from the six colleges resolved themselves into a state convention, being delegates from the college tennis associations. They decided to meet next year at De Pauw University on Thursday and Friday of the last week in May. A motion to invite Notre Dame and Earlham colleges to join the state association and enter the state tournament was passed, and next year eight teams will compete for the championship. The election of officers of the state association had been scheduled for this meeting, but as all the delegates were not present the election was postponed. Harold Crouch, of De Pauw, who was president last year, will continue in that office until another meeting is called.

MISSIONARY MEETING OF THE CHRISTIANS

Sessions of the Alliance Largely
Attended—Addresses by Prominent Leaders.

The sessions of the Christian and Missionary Alliance held yesterday were largely attended and several prominent members of the organization delivered addresses. The principal address of the afternoon meeting was by Dr. Ira E. David, the field superintendent of New England. His topic was "The Second Coming of Christ."

The afternoon meeting was held with a prayer and praise service at 2 o'clock, led by Oscar Johnson. After Dr. David's address Dr. E. D. Stump gave a gospel talk. A children's meeting was held at 4:45 in the Gospel Tabernacle and at the same hour Bible classes were held in the vestry of the Second Presbyterian Church under the direction of the Rev. Mr. Eldridge. A young people's meeting was held at 6:45 conducted by Edgar Johnson. The regular evening meeting was held at 7:45 and the leading address was delivered by Dr. Henry Wilson.

The morning session opened at 9:30 with the customary workers' prayer hour, followed by a prayer and praise service. At 10:30 Mr. Andrew Johnson, an Indian missionary, related an interesting story of his experiences in that distant land. At 11:30 Harriet Le Neve, of State Nine, Ind., delivered a gospel message. The session adjourned at noon.

OBJECTS TO TEACHER CARRYING PET SNAKE

Pretty Schoolmarm Concealed
Reptile in Her Shirt-
waist.

SAN FRANCISCO, June 7.—A live, wriggling snake, harmless enough, but still a snake, is being carried about by Miss Bertha Chapman in her shirtwaist. The young lady is not a snake charmer, but an instructor in nature studies in the Oakland public schools, and carries the snake about so that her pupils may become familiar with animal life.

When Miss Chapman is instructing the children of the public schools she convinces the little ones that the snake is harmless and strives to disabuse their minds of the idea that the snake is necessarily evil. Calmly she ties the snake up until it looks like a pretzel, then she caresses the creature and meanwhile tells the children that they must have no fear of it.

There are times when Miss Chapman's pet sticks forth its flat head and darts out its forked tongue. This happens on the street cars, on crowded streets and when Miss Chapman was in conversation with friends, and this is why the Board of Education expressed a desire to see Miss Chapman and her snake.

"All created things are beautiful. Yes, even snakes," declared Miss Chapman. "I have learned that I must convince some men that they must not fear snakes. It may be a greater task than teaching the children."

WOMAN ACCUSED OF PENSION FRAUD

Mrs. Clara Ingram, of Paris, Ill., against whom the Federal grand jury of this State returned an indictment charging her with securing a pension as the widow of a civil war veteran after she had twice married, will arrive in Indianapolis to-day from Paris. Yesterday morning, before United States Commissioner F. E. Shopp, of Paris, she waived examination and, accompanied by her attorney, W. H. Clinton, left last night for Indianapolis.

Mrs. Ingram secured the pension by quarterly trips to Paris, where she transacted her alleged fraud through attorneys who were not aware of her second and third marriages.

GAS TRUST DIRECTORS POSTPONE THEIR MEETING

All Members Could Not Attend
Last Night, and Will Meet
To-Morrow.

Because of the inability of several of the members to be present last night the meeting of the board of directors of the Consumers' Gas Trust was postponed until to-morrow afternoon at 4 o'clock. A majority of the board met at the hour set last night, but it was decided to take no action until all members can be present. Major W. J. Richards, a majority member, is confined to his bed and could not attend last night.

It is expected that there will be a warm contest between the two factions at the meeting to-morrow afternoon. Although both sides are silent as to their plans of action, it is expected that the minority will attempt to pave the way to dispose of the assets of the company, as the decision of the court decree should be made. This will be opposed by the majority until a final effort is made to secure a decision from the Circuit Court of Appeals at Chicago.

TWENTY PERSONS ASK COURT FOR DIVORCE

Judge Allen Grants Thirteen Divorces, Dismisses Five Cases
and Will Consider Two.

Yesterday was divorce day in the Circuit Court, and from early in the morning until late at night the courtroom was crowded to the railings with principals and witnesses relating to Judge Allen the cause of many domestic differences.

The cases were all of a varied but uninteresting nature, and included parties of all ages, sizes and color. When the last case had been disposed of and the returns filed, Judge Allen adjourned the court until the following Monday. He glanced longingly at the calendar and counted the days until July 3, when his summer vacation will begin.

HEALTH BOARD THINKS INTERNES WELL FED

City Officials Believe that Hospital
Doctors and Nurses Have
No Cause for Complaint.

After an investigation of the complaint made by the internes and nurses of the City Hospital against the food which is furnished them the City Board of Health holds that there is no ground for complaint, as the food this year has been above the average.

Superintendent Paul Martin was before the board and asked to explain the complaint. He said that the complaint is one frequently lodged at public institutions. The expenditures of the hospital would indicate that a higher grade of food has been furnished this year than in previous years. The total expenses for the first four months of this year have been \$18,246.06 out of an appropriation of \$20,750 for the entire year.

AGED OFFENDER TAKEN TO THE POLICE STATION

Wm. O'Connor, Aged 74, Slated
for Drunkenness and Offensiveness Conduct.

William O'Connor, seventy-four years old, was arrested yesterday afternoon by Bicyclemen Samuels and Morgan on a charge of drunkenness and offending people on the street. It is alleged that the old man, who is said to be demented, stopped in front of the residence of Mrs. Gunning, 224 Miley avenue, and swore roundly at Mrs. Gunning and two other women, who, he said, had robbed him of \$75. The women realized his condition and tried to persuade him that he was mistaken, but O'Connor said he knew he was right and that he would remain in front of the Gunning home until the "crack of doom" if they would not give him his money.

The old man was released from the Central Hospital for Insane only three weeks ago.

Ex-Mayor C. A. Bookwalter reported last night that no trace of his daughter's graduation gown had been found. He said, however, that Miss Hazel had been supplied with another one, not so elaborate, perhaps, but which would do, in the event that the other one does not turn up.

FOUNDRYMEN AND THEIR FOREMEN MEET JOINTLY

Claypool Assembly Hall Is Crowded
at Well-Attended Meetings.

BANQUET FOR TO-NIGHT

The Claypool yesterday was the meeting place of the joint session of the Foundrymen's Association and the Foundry Foremen's Association. There are about 600 members of both associations in the city, and they quite filled the large assembly hall of the hotel at their joint sessions. Yesterday noon a number of the delegates took a trolley ride about the city, and then spent about three hours at the Atlas engine works.

At the first meeting in the morning Governor Durbin welcomed the delegates to Indiana, and Mayor Holtzman welcomed them to Indianapolis. John W. Kern, president of the Commercial Club, gave the members an address of welcome on behalf of the club. Willis Brown, president of the Foundrymen, answered the address and the welcomes.

During the afternoon reports of several committees were heard, and papers on Standard Method for Measuring the Hardness of Moulds and "Standard Specifications for Foundry Coke" were read.

At the evening session a large number of papers were read by prominent foundrymen. Among them were: "The Iron Warrant System as Applicable to the Foundry," by George H. Hull; "Moulding Machines and Their Uses," E. H. Mumford; "Moulding Machines of To-Day," H. M. Rapp; "The Moulding Machine," S. H. Hickrick; "Some Labor-saving Suggestions for the Foundry," H. F. While the members of the associations are busy in sessions throughout the day their wives are employing the time in sightseeing by carriage and trolley.

FANNING PREDICTS GREAT ELK MEETING

Cincinnati Elks Expect 25,000 to
Attend Meeting of the Grand
Lodge in July.

Joseph T. Fanning, grand exalted ruler of the Order of Elks, returned yesterday from Cincinnati, where he went to attend a conference of the grand board of trustees and the Cincinnati committee of Elks that has charge of the arrangements for the meeting of the Grand Lodge in that city in July.

"The meeting at Cincinnati will be one of the largest in the history of the order," said Mr. Fanning last night. "About 20,000 people attended the meeting last year at Baltimore, and indications are that the Cincinnati meeting will beat that record by about 5,000."

The Cincinnati Elks are making great preparations for the entertainment of the Grand Lodge. They are offering over \$100,000 in prizes and are planning innumerable social features, one of the principal ones being an outing and fireworks on the river. In the parade on Wednesday of Grand Lodge week there will be from seventy-five to 100 bands in line.

TYPHOID EXPERT WILL VISIT INDIANAPOLIS

Dr. George T. Moore Formerly
Lived Here and Has Discovered
a Way to Kill Typhoid Germ.

Mayor Holtzman received a telegram last night from Dr. George T. Moore, of Washington, an expert in the chemical laboratory of the Department of Agriculture, who has made a special study of typhoid germs, and has but recently invented a chemical solution by which bodies of water may be purged of them. Dr. Moore's telegram was in reply to the request of Mayor Holtzman that he visit Indianapolis, his former home, on his way to St. Louis, and while here make an analysis of the city water. Dr. Moore states in his telegram that he will arrive in this city Saturday noon and will remain over Monday.

"I will be glad to discuss the typhoid situation in Indianapolis with the Board of Health or any other body at such a time as you may arrange," Dr. Moore said. "He is considered an authority as a typhoid expert, and his examination of the water is expected to throw new light upon the causes of the typhoid epidemic."

FILIPINOS TO VISIT INDIANAPOLIS JULY 15

Date of Commission's Tour of
This City Will Be Postponed
for a Few Days.

Because the date conflicts with that of the Democratic national convention, arrangements will be made by the Commercial Club whereby the Filipino commission to the St. Louis world's fair, which was to visit Indianapolis July 7, will come here later in the month. Thomas A. Chapin, secretary of the commission, will visit Indianapolis about July 15.

Wherever they have gone the Filipinos have received a cordial welcome. Besides the members of the commission there are several Filipinos accompanying them. In all there is forty in the party.

ARMY POST BOARD WILL COMPLETE WORK TO-DAY

But Two Building Sites to Choose
From—Will Arrange Transportation.

The new army post board has practically completed its inspection and will, in all probability, adjourn to-day. They have made out plans for two sites of land, one directly northwest, one directly west of the cemetery, but that directly northwest is deemed the more desirable and will probably be chosen.

The board will spend the greater part of to-day in arranging transportation facilities to connect the post with Lawrence. It is probable that a spur will be run connecting the site with the Big Four lines and with those of the Union Traction Company. Colonel Rubien expects to leave the city to-night for Dubuque, Ia.

INDIANA PRESS DAY AT THE EXPOSITION

Friday will be Indiana press day at the St. Louis exposition, and a great many newspaper men of the State are making plans to attend the exposition on that date. It is probable that a spur will be run connecting the site with the Big Four lines and with those of the Union Traction Company. Colonel Rubien expects to leave the city to-night for Dubuque, Ia.

POSTAL CLERK IS PROVED GUILTY OF THE ROBBERY

Judge Anderson Acquits Harvey
D. Hatfield of Charge of Rob-
bing the Mails.

LETTER IN COAT POCKET

The government yesterday failed to produce evidence enough to convict Harvey D. Hatfield, the young postal clerk of Huntington, who was tried yesterday on the charge of stealing letters from the mail. Evidence was introduced through the day, and when the case was rested shortly before 3 o'clock last night, Judge Anderson held that the prosecution had made no case, and instructed the jury to return a verdict of not guilty.

Hatfield was evidently the victim of a conspiracy, as he was alleged to have been stolen by him were found in his overcoat pocket at the time he was arrested. His attorneys held that the letters had been placed there by someone else who sought to incriminate Hatfield. The fact that the overcoat was in the possession of the letter sticking out in plain view, substantiated the theory in Judge Anderson's opinion. Evidence was introduced which showed that Hatfield had always had a good reputation.

Because of the length of time in trying Hatfield, the case of the five alleged members of the "Blue Ribbon Gang," who are to be tried on the charge of robbing the postoffice at Orleans, was not reached yesterday. It will come up this morning.
